YOUTH DAY - AUGUST 12

"Peace is a culture that we create by putting
it in the curriculum for young people,
through creating this next generation
where young people get a chance to go
across borders, across cultures,
to learn more about each other's life,
to create a global community,
learn about opportunities for helping others.
It's investing in peace and tolerance training,
ending the gap between rich and poor."
-- Craig Kielburger
